Position: Landscape Architect / Designer
Location: Indianapolis, IN
Start Date: Immediately

Job description

As a Landscape Architect / Designer with the Landscape Architecture Studio at Weihe Engineers, you are rewarded daily by working with seasoned and acclaimed licensed landscape architects on a variety of projects. Plus, be part of a growing practice group with clients around the Midwest.

We believe that design matters so that our clients can build with confidence. Functionality counts too. Our full-service approach to projects includes land surveying, civil / site engineering, landscape architecture and construction administration.

You'll be working to bring exciting community projects to life. Projects including: parks, open spaces, mixed-use urban development, streetscapes, educational campuses, municipal centers, corporate campuses, residential communities and commercial development properties. Your role will be developing site and landscape plans; creating presentation graphics (including computer generated plan / perspective 3D renderings and sections); assisting in the production of landscape and site schematics, contract document plans, and specifications; developing cost opinions, scheduling, and project correspondence; conducting area and quantity take-offs; perform code analysis and research related to local requirements; perform site investigations to document existing conditions as well as to guide the development of final landscape and site development plans; providing construction administration / observation.

Our Requirements

- Bachelor's degree from an accredited Landscape Architecture program
- 0 to 5 years of professional experience practicing as a Landscape Architect / Site Designer
- Licensure a plus, but not required
- Strong hand and computer graphic skills and proficiency in Adobe Creative Suite, Google Sketch Up
- Proficient in AutoCAD and / or Civil 3.
- Experience in Lumion or other graphic rendering software is a plus
- Excellent written and verbal communication skills
- Proficiency in Microsoft Office Suite

Your Skills

- Ability to work well in a team setting
- Ability to multi-task efficiently
- Willingness to contribute when and where needed
- Possess a proactive, positive attitude

Your Compensation and Benefits

- Compensation is highly commensurate with experience
- Very competitive and robust benefits package available
- Opportunities for development and advancement
